

of educational route, and these students matter just as much as those who go to college.

My amendment ensures that families of CTE students are protected by the law in the same way that students on the traditional route are protected.

A vote in support of this amendment sends the message that career and technical education is not only good for students, but it is great for students. It is great for business, and it is great for our communities.

I urge our colleagues to vote "yes."

Mr. Chairman, I reserve the balance of my time.

Mr. SCOTT of Virginia. Mr. Chairman, I rise in opposition to the amendment.

The Acting CHAIR. The gentleman is recognized for 5 minutes.

Mr. SCOTT of Virginia. Mr. Speaker, this amendment, you actually would assume that this was part of the bill to begin with. Since it is a bad bill, making sure that this is in it is just another bad idea.

For example, it brings in the provision that you have to notify the parents in advance of all the speakers that may be participating, so if you are in a career in technical education and you have a Career Day, you have got to identify all the speakers that are coming to Career Day so the parents—if you can get that list, all of them—they have to be notified.

It would limit the use of employers as speakers because you would have to know exactly which one is going to show up, and that would limit the students' ability to learn the high-wage, in-demand jobs available at a Career Day.

Basically, this just makes sure that the career and technical education is part of the bill, and insofar it is a bad bill, I would hope the amendment would be rejected.

Mr. Chairman, I reserve the balance of my time.

Mr. MILLER of Ohio. Mr. Chair, I fundamentally believe that our colleagues on the other side of the aisle mean well, but I am shocked and appalled that we don't support technical education. This is a solid amendment.

What I just heard, Mr. Chair, is that some of our colleagues on the other side of the aisle don't like our union counterparts, who don't like our carpenters, who don't like our pipe fitters, who don't like our welders, and who don't like our steelworkers that we support.

That is what I am hearing. I am disturbed by the fact that we cannot support the silent majority within this country, the backbone of our Nation in technical education throughout this country really is tough for me to swallow right now. I am glad that the American people can see this for what it is.

Mr. Chair, I reserve the balance of my time.

Mr. SCOTT of Virginia. Mr. Chairman, I yield myself 1 minute.

Mr. Chairman, that is exactly not what I said. There is nothing wrong with carpenters or other careers.

It said that if you have a Career Day you may not be able to have the Career Day unless you can get all the speakers lined up well in advance and notify all of the parents in advance who they are going to be.

If you have a plumbing firm wanting to participate, you have to figure out which plumber is going to actually show up so you can notify the parents of the right one.

This adds too much confusion to it. You may not even be able to have a Career Day. To suggest that I am not in favor of career and technical education is ridiculous.

If you want a reasonable program, you have to allow for the participation of people to come in and speak, talk about the high-wage, in-demand jobs that are available. Forcing the school to outline each and every speaker, know each and every person that is going to show up at a Career Day, before the Career Day, in time to notify the parents is absurd.

Mr. Chairman, I reserve the balance of my time.

Mr. MILLER of Ohio. Mr. Chair, I yield back the balance of my time.

Mr. SCOTT of Virginia. Mr. Chairman, I yield back the balance of my time.

The Acting CHAIR (Mr. CARTER of Georgia). The question is on the amendment offered by the gentleman from Ohio (Mr. MILLER).

The amendment was agreed to.

□ 1930

Ms. FOXX. Mr. Chair, I move that the Committee do now rise.

The motion was agreed to.

Accordingly, the Committee rose; and the Speaker pro tempore (Mr. FALLON) having assumed the chair, Mr. CARTER of Georgia, Acting Chair of the Committee of the Whole House on the state of the Union, reported that that Committee, having had under consideration the bill (H.R. 5) to ensure the rights of parents are honored and protected in the Nation's public schools, had come to no resolution thereon.

#### HONORING DR. WILLIAM CLARK

(Mr. CARTER of Georgia asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. CARTER of Georgia. Mr. Speaker, I rise today to recognize and honor my good friend Dr. William Clark on his birthday.

Bill is a resident of Waycross, Georgia, where he practices as an ophthalmologist at the Clark Eye Clinic.

He followed in his father's footsteps, returning to southeast Georgia after graduating from the Medical College of Georgia at Augusta University. He has since been one of the most highly sought-after ophthalmologists in the entire State.

Bill is more than just a physician. He is a leader in our community and our district. He has served as the chair of the Okefenokee Swamp Park Board of Trustees, chair of the Waycross-Ware County Industrial Development Authority, chair of the Waycross Convention and Visitors Bureau, and executive committee member of the Georgia Chamber of Commerce.

Dr. Clark's impact on ophthalmology in the First District will be felt for generations to come.

I won't embarrass Dr. Clark and mention his age, but I will say he is much older than I am.

Happy birthday, Bill. Thank you for all you do for our district.

#### RECOGNIZING LESTER GIBBS UPON HIS RETIREMENT

(Mr. BURCHETT asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. BURCHETT. Mr. Speaker, I rise today to honor firefighter Les Gibbs on his retirement. Les is one of the best friends I have in the world, Mr. Speaker.

When I was a single man, I would always enjoy going honky-tonking with Les because he didn't drink. Neither did I, and I knew I wasn't going to have to do anything. When we would go to the Cotton Eyed Joe, the ladies would be tripping over me and pushing me out of way to get in line to dance with Les.

Les has always been a good friend to me, and my parents loved him, too. When I would ask him to go eat pizza with me, he would always ask: "Are Charlie and Joyce going?" It was always clear to me that they ranked a little bit higher than me on his list, and that was okay because I had very cool parents. He loved them right up until the end, and he was the man who actually carried my momma out of the nursing home when she died.

You could always count on his motorcycle to run, and you could always count on mine to break down. When I got a new bike, which was actually a new bike for me but old for anybody else, he would say, "Oh, I got a new rope," because he knew he was going to have to pull it. That was a true statement.

I was there on the day he was sworn in as a firefighter in the city of Knoxville, and I wish I could be in Tennessee instead of Washington when he retires. I am hoping that my beautiful wife, Kelly, and daughter, Isabel, will be there. They love Lester. He has always been good to me and my folks and the community around him. I can't thank him enough for that.

He has been a great friend to me, and he has been a better firefighter. He has been a great friend to hundreds, if not thousands, of other people. I wish him nothing but good times in retirement.

Thank you for everything, Lester, you have done for me and my family, brother. You are very much loved.
